– a must for a new product launch!

Possibility of advertising and banners on the tablet, showcase and facade

An opportunity for the consumers to try your new aroma by the most specific way

HOW TO PROMOTE YOUR PRODUCT

The individual design of the facade sticker provokes the interest of 82% of the public. Here you can advertise your brand/company for even greater recognition. The possibility to create a unique design of the vending machine housing will attract even more public attention and indicate the individuality of the vending chain.

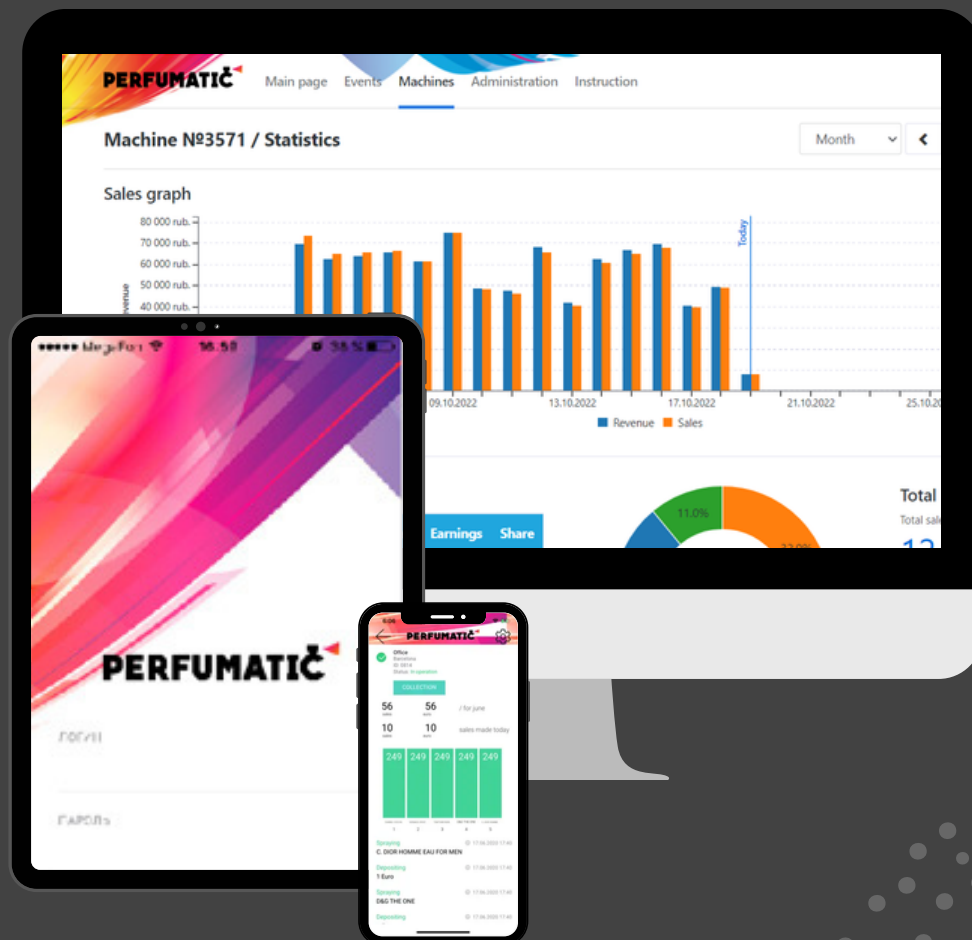

The showcase with the original bottles of perfumes attracts the attention of 96% of the public. Recognizable luxury brands, new products on the perfume market, exclusive perfumes attract the public's attention and provoke interest to use the service.

The 10-inch screen is used to show video clips and slideshows. Advertising high-quality perfumes through displaying promotional videos of world-famous perfume brands in combination with used perfume in the showcase help to create a positive image of the entire chain of perfume spraying vending machines.
